EduLink - Quick Guide for Demo

1. Open the pwa-demo folder and host it with a simple HTTP server for the best experience. 2. In browser (Chrome) open index.html. Click "Open App" to enter the demo. 3. Wait 5 seconds for the install banner to appear. You can install from the browser menu or use the banner. 4. To trigger Judge Mode secretly: tap the EduLink logo five times quickly. The app will auto-run a demo. 5. Demo features to show: Search services, Book a service, Open Chat, Show Bookings and Announcements. 6. For APK: open the android-apk folder in Android Studio after following steps in README_BUILD_APK.md.
